Development of a professional Plan: The first step in your professional development plan is to set career goals and plan activities to achieve those goals. One requirement to receive a scholarship from MCPCF is to develop this plan (see enclosed Professional Development Plan form) and to annually review your activities and goals. You can also use other Professional Development planning tools available, such as those maybe provided by an employer or found in the Professional Development Information System (PDIS). If you need assistance in completing your plan, our staff can certainly help you.

Scholarships for college level courses: Scholarships are intended to increase the professional development of early care and education providers in Morgan County. Scholarships awards are primarily funded through Foundation funds but are also available for programs working with our program through other quality improvement services. Please contact us if you have questions about what scholarships you might be eligible for.

Those individuals interested in receiving a scholarship must fill out all the enclosed ECE Scholarship Application forms and return them to the MCPCF.

It is well known that increased quality of services in early childhood begins with dedicated, well trained, professionals. Thank you for your commitment to the Early Childhood Profession. Hopefully, the above description of the levels and types of support available will provide a clearer picture of the services available as you reflect on your early childhood career.

Scholarship Application Guidelines and Policies

The Primary goal of this scholarship program is to develop and support an effective and well-educated workforce serving infant, toddler and preschool age children and is not intended for those seeking careers in elementary education. The following procedures, policies and guidelines have been approved by the MCPCF for all current and future scholarship applicants.

Eligibility:

- All scholarship recipients must work in the field of early care and education in Morgan County. This includes any teachers, directors or other positions at a childcare center, preschool (public or private), or family childcare home.
- All scholarship recipients must be taking ECE courses at an accredited college or university or be enrolled in an ECE degree program at an accredited college or university.
 - Priorities for scholarships will be as follows:
 1. Students completing ECE classes towards credentialing or licensing (i.e., Early Childhood Teacher, Director, Infant Nursery Supervisor)
 2. Students pursuing an Associate's degree in ECE related field
 3. Students pursuing a Bachelor's degree in ECE related field
- All classes must be passed with a C or better
- All applicants must be registered in the Professional Development Information System (PDIS) prior to receiving scholarships funding from the MCPCF.

Policies and Procedures:

- Other Funding- MCPCF's scholarship funding is not meant to be the sole source of funding for students. Applicants are required to seek additional sources of funding for their education. However, whether you qualify for assistance from other sources does not affect your eligibility to receive MCPCF funding.
 1. Applicants must complete a FAFSA application: www.fafsa.gov. This should be updated annually.
 2. All applicants must apply for TEACH funds (<https://ecclacolorado.org/>), if applicable.
 3. All applicants must apply for College Opportunity Funds (COF) (<https://cof.college-assist.org/COFApp/COFApp/Default.aspx>), if applicable.
 4. Applicants are encouraged to look for additional scholarships and sources of funding for their schooling.
- Each semester, applicants are required to indicate the names/titles and approximate cost of the classes they intend to take for the upcoming semester as well as the method of delivery (on campus or online courses). The estimated cost should reflect all other funding sources.
- Funding may only be used for tuition, fees and/or books. No other purchases will be covered by MCPCF scholarship awards.
- At the end of each semester, scholarship recipients are required to complete a survey from the MCPCF to report the number of credits they took, grade received and other money (leveraged funds)

they used to pay for their tuition, fees, and/or books. Participants who fail to provide this information may be denied future scholarship assistance.

- Funding awards are made one semester at a time. Applicants must notify the Partnership staff before the application deadline for each semester for which they are requesting scholarship assistance. This can be done by email or phone.
- If you do not pass your class(es) with a C" or better:
 1. If you receive a D" on you course, you will be ineligible for future scholarships until you've paid for one semester of courses on your own and pass those classes with a C" or better.
 2. If you fail a class or drop a class (es) after the add/drop date at the school, thus receiving an incomplete or W" grade, the student is responsible for reimbursing the Morgan County Partnership for Children and Families the scholarship amount paid.

How is my scholarship paid?	MCPCF will send a scholarship award letter directly to your school. Your school will invoice us for your scholarship, and we will pay your school directly. In the event you are required to pay for your class up front, your scholarship can be paid directly to you upon successful completion of the course. Any balance due on your student account not covered by the MCPCF scholarship is your responsibility to pay. Please pay close attention to the payment deadlines for your school; students who have not paid their balances may be dropped from classes.
Can I use this scholarship to pay for past ECE classes?	No, this scholarship opportunity is only for those who are currently enrolled in an ECE course.
Do I need to re-apply for a scholarship each semester?	You do NOT need to fill out a whole new application each semester. New applications are required when information on the application changes like contact information or employer, or your professional goals change. For example, if you originally were taking classes for a director certificate but now are continuing your education for an Associate degree, we'd require a new PD plan from you. You DO need to contact the MCPCF (via email) prior to the application deadline for each semester to let us know you will be taking classes again, that you need a scholarship, and indicate which class(es) you'll be taking.
I need help filling out my professional development plan, what do I do?	You can use the Professional Development planning tools in the PDIS, ask your advisor for help in developing a plan, or contact the MCPCF or your employer for help with your plan.
What happens if I do not follow the requirements that MCPCF has set for receiving a scholarship?	These requirements are in place to ensure that the money for scholarships is spent responsibly. If you do not follow the scholarship requirements you risk not being eligible for future scholarships.
What if I don't pass my class with a grade of C" or better?	If you receive a D" on your course, you will be ineligible for future scholarships until you've paid for one semester of courses on your own and passed those classes with a C" or better. If you fail a class or drop a class (es) after the add/drop date at the school, thus receiving an incomplete or W" grade, the student is responsible for reimbursing the Morgan County Partnership for Children and Families the amount paid.
